

Report on ICANN Activity for July 2017

ICANN Evolution

Some issues are still outstanding, so the effort is ongoing.

Cooperative Engagement Process for dispute resolution, accountability of Advisory Committees and Service Organizations, jurisdiction, staff accountability, the ombudsman role.

ATLAS III

ATLAS II was the meeting Scott attended in London. This is a F2F attended by representatives from At-Large "Structures" world-wide.

Planning for ATLAS III has been launched. Where and when is not known at this time, but it is likely to be in Montreal in November, 2019.

WHOIS/"Registrant Data System"

A Policy Development Process is ongoing – spurred on by the EU enacting new privacy legislation with BIG penalties.

At-Large Review

At-Large response is still under draft. The review, and the response, will be formally presented in the October meeting.

North American At-Large

Currently involved in the process of selecting a delegate to sit in for another who cannot make the Abu Dhabi meeting.
