<u>Report on ICANN Activity for April 16 2018</u>

<u>ATLAS III</u>

During a recent conversation with the NARALO Secretary, I got the impression that no decision has been made on this meeting as yet.   The Secretary suggested that if ATLAS III does not take place, a North American Region General Assembly might be convened instesd.

<u>WHOIS/"Registrant Data System" Policy Development Process</u>

The PDP workign group has now been "suspended", waiting for "guidance from the Board on how the Working Group will be affected gby the GDPR compliance efforts".

These efforts will probably be the result of the DPA review mentioned in last month's report

<u>DNSSEC KSK Rollover Postponement</u>

No further news on this one

<u>Technology Task Force</u>

No activity so far this month

<u>NARALO</u>

No activity so far this month

<u>ICANN Meetings Generally</u>

No ICANN meetings currently use Adobe Connect.   The conferencing solution that has been selected is Webex.

There is still some discussion on various lists on the use of Zoom instead.
